# Tree Seedling Catalog

for Reforestation in New Jersey

The NJ Forest Service's reforestation program provides tree seedlings for public and private landowners to purchase. Reforestation is an important part of the conservation and stewardship of New Jersey.

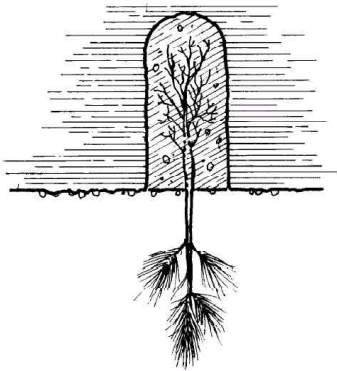

- Seedlings available in both conifer and hardwood species
- There is no minimum acreage required to be eligible to buy seedlings
- Minimum order is 100 seedlings per species, or one packet
- Orders accepted from December to April 1
- Delivery/Pickup between March 15 and April 30

	2yr	16-24in	
Japanese black pine ( <i>Pinus thunbergii</i> )	2yr	15-20in	
Japanese larch ( <i>Larix leptolepis</i> )	2yr	20-26in	

## Conditions of Sale:

Trees can be sold only for legitimate reforestation projects including: planting for school conservation, aesthetic screening and improvement, air and noise pollution abatement, wildlife enhancement, erosion control, and lumber production in New Jersey.

Reforestation stock sold pursuant to this agreement may not be resold or removed from the property for ornamental use as living trees, or for use as Christmas trees, except for trees severed from the stump in thinning, provided there is no reduction in the initial acreage reforested.

Any person who violates the conditions of sale of this agreement shall reimburse the Department of Environmental Protection, NJ Forest Service (herein "the Department") for the value of the trees removed and any administrative costs incurred by the Department.

Trees cannot be sold to any person who has violated a condition of sale of any prior Reforestation Agreement and Seedling Order form.

Upon notifying of the landowner the time and date of a compliance inspection, the Department has the right to enter the property and inspect the tree planting site.

Stock is guaranteed to be in good healthy conditions at the designated pick-up point and time. No responsibility is assumed or implied by the NJ Forest Service for health and condition of stock left at the pick-up point after the designated pick-up time.

NJ Forest Service reserves the right to substitute stock/prorate or cancel orders.

# Tree Seedling Order Form

Orders accepted December 1 - April 1

Office Use Only	Ack. _____

## Certification

I certify that the trees will be planted in New Jersey for forestation and/or conservation projects only. I understand and certify that I will not resell or remove any forestation stock, obtained pursuant to this agreement, from the property for ornamental use as living trees, or for use as Christmas trees. The terms forestation and conservation mean the planting of trees for legitimate conservation/education projects as described in N.J.A.C. 7:3-2.4(a), including lumber and cordwood production, school and youth conservation/education projects, protection of watersheds, soil erosion, and screen for wind-breaks and aesthetics. I understand that if I violate any condition of sale of this agreement I am required to reimburse the Department for the value of the tree removed and any administrative costs incurred by the Department as a result of the breach. I have read, understand and agree to be bound by the conditions of sale enumerated in this agreement.
